What is a Giving Circle?

When a group of friends, family, or co-workers pool their charitable donations and decide together where to give...

...it's called a giving circle.

Amplifier is a global network of giving circles motivated by Jewish values and inspired by changemakers who are making a difference.

What is a Jewish Giving Circle?

A Jewish giving circle is a circle that is inspired by Jewish values and/or that gives to Jewish and/or Israeli causes.

Why join a Giving Circle?

It's Social

Circle members do more than grantmaking. They also build a Jewish community that breaks bread, hosts events, and creates lasting friendships.

It's Hands-On

Giving circle members learn about new issues and causes, engage with nonprofits directly, and make giving decisions together.

It's Powerful

No matter how much each member contributes, giving together means your impact is amplified many times over.

Amplifier Is a Diverse Network

Giving Circles

Giving circles don't follow a formula: they can be large or small, local or virtual, time-intensive or low-key. But they all share a passion for connecting, learning, and giving with greater intent and impact—by giving together.

NPOs

Nonprofit organizations from across all sectors can share their work with giving circles and apply for grants through common grant applications.

Partners

Amplifier is being co-created by a broad group of partner organizations—giving circles, funders, and nonprofits—who share a collective desire to scale the giving circle model.
